Potrero Interchange Community Meeting

Beaumont, CA— On Thursday, January 18, 2018 at 6:00 p.m., the City of Beaumont will host a Community Meeting regarding the new Potrero Interchange. Falcon Engineering, the City's project management contractor, and City staff will provide an overview of the project design, construction hours and potential noise, detour information, and important contacts. The meeting will be held at the Beaumont Civic Center, located at 550 E. 6th Street.

###

Beaumont's Potrero Boulevard Interchange project for State Route 60 will improve safety and air quality, ease congestion, and create thousands of new jobs by unlocking 2,000 acres for commercial and industrial building. The partial cloverleaf interchange located approximately one mile west of the I-10 and State Route 60 junction will improve traffic safety by upgrading a two-mile stretch of the busy highway in western Riverside County to freeway status. Construction is expected to begin in February of 2018.
