

Input Sought for Beaumont's Housing Element Update

Se buscan opiniones de grupos comunitarios y sin fines de lucro para la actualización del Elemento de Vivienda de Beaumont

Since January 2021, the City of Beaumont (including City staff, Planning Commission, City Council, and members of the community) have been working to prepare the **2021-2029 Housing Element Update**.

The Housing Element addresses how Beaumont can meet its projected housing need for the next eight years and includes programs to preserve, improve, and develop housing for all income levels.

Public input and participation are crucial to the success of the Housing Element Update process. This letter is being sent to a wide variety of residents and groups which serve residents of Beaumont to ensure the unique challenges and concerns faced by residents and the groups you represent are considered.

The 2021-2029 Housing Element Public Review Draft and information on past meetings and workshops are available on the City's website at <https://www.beaumontca.gov/1089/Housing-Element-Update>
