

# TOWNCENTER SIDEWALK IMPROVEMENT PROJECT:

## Enhancing Our Community

City of Beaumont is enhancing accessibility, safety, and appeal of our city with an upcoming sidewalk improvement project in our towncenter area. This initiative aims to create a unified walking space, meeting accessibility standards and enhancing curb appeal through replacement and new construction of sidewalks, curbs, ramps, and driveway approaches. This project is grant funded through Riverside County.

### PROJECT BENEFITS

#### ENHANCED SAFETY

Prioritizing pedestrian safety with improved concrete sidewalks.

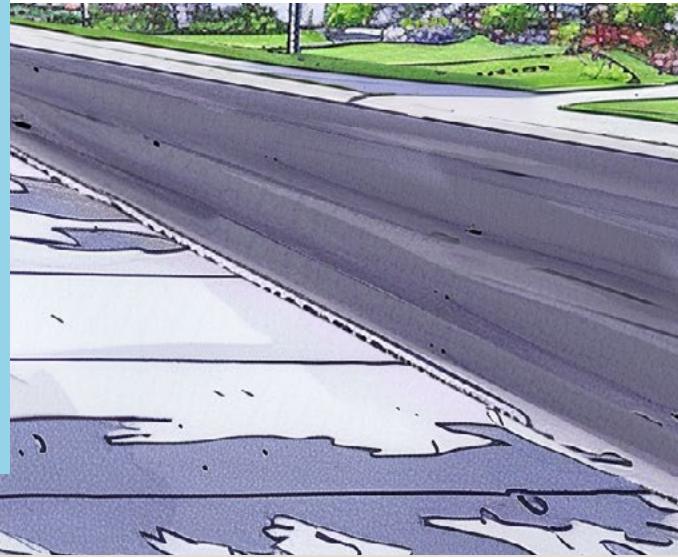

#### INCREASED ACCESSIBILITY

Ensuring easy navigation for everyone, regardless of age or ability, through smoother surfaces and improved curb ramps.

#### IMPROVED TOWNCENTER AREA

Elevating the visual appeal of our city with enhanced connectivity and thoughtful design elements will add curb appeal.

**Want to learn more about the Towncenter Sidewalk Improvement Project?**

**Informational Community Meeting**

Tuesday, May 14, 6:00 p.m.

Beaumont Civic Center

550 E. 6th Street,

Beaumont, CA 92223

### STAY CONNECTED

Stay informed and engaged through community meetings, social media, and city website updates as we progress with the planning and implementation process.

The City is dedicated to safe, accessible sidewalks as essential investments. Sidewalks promote connectivity, quality of life, and pedestrian mobility.

**This project is crucial for developing the Towncenter area.**
